## UK Polarity : Feb '24 Bristol

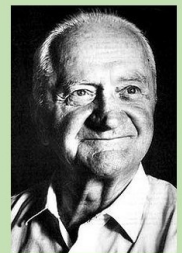

A meeting for 2 days full of conversation, all chose to respond 'or not', a search for the harmony in the room, all talked themselves into the right place with sharing their own story.

The morning revealed the connection and the afternoon revealed the essence of the amazing Polarity Therapy Work, full of variations.

A truly enjoyable weekend. Thank you Lyn for the organisation of our time at 'The Grange' Graham

"The principle of Polarity could be used as an intelligent foundation factor of agreement and procedure in all fields of therapy. "

- Dr. Randolph Stone  
Founder of Polarity Therapy

"Then the active agent or cause would stand out clearly, revealing when and why a certain method or remedy produces good results, no matter in what type of therapy it is employed."

## Polarity Principles

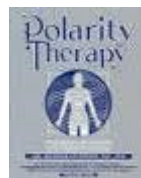

*“For forty years I searched for a principle in the healing arts which would include all forms of therapy and act as a common denominator, an intelligent answer, to all the numerous contradictory theories and claims existing today.”*

*Dr. Randolph Stone  
This could have been written yesterday*

*What is the ...  
'common denominator?'*

‘All branches of the science of matter in motion fit into the Polarity Principle of function and energy flow through fields in the body.
